## PROFESSIONAL EXPERIENCE

- Full Stack Web Developer (MERN)

Freelancer & Entrepreneur | 2021 - Present

  - As a full-stack web developer specializing in the MERN stack (MongoDB, Express, React, Node.js), I have designed and developed web applications, focusing on providing clients with user-friendly and efficient websites. I manage both front-end and back-end development, ensuring a seamless user experience.
- Canva Pro Graphic Designer

Self-Employed | 2017 - Present

  - With a passion for visual storytelling, I have been creating logos, brand identities, and graphic designs for clients across various industries. My design process combines creativity with functional design to communicate messages effectively while maintaining visual appeal.
- Web Development Instructor

Listaac Tech Academy | 2023 - Present

  - As a web development instructor at Listaac Tech Academy, I teach students the skills required to become proficient web developers. My focus is on practical learning, guiding students through real-world projects using modern web technologies like HTML, CSS, JavaScript, and React.
- Online Publisher

InfoHubNG.com | 2025 - Present

  - As an online publisher at InfoHubNG, I oversee the content strategy, ensuring that informative, engaging, and high-quality articles and blogs are regularly published. My goal is to create an informative hub for readers to learn and stay up-to-date with current trends in technology, entrepreneurship, design, education, business, and latest news etc.
- Computer Science

Alex Ekwueme Federal University | 2016 - 2018

  - With a diploma in Computer Science from AE-FUNIA, I gained deep technical knowledge in software design, and programming. This foundation helped me transition into web development and entrepreneurship, leveraging the principles I learned to create innovative web-based solutions.
